Step 3

Sport Accident Insurance Products

Out-of-country Emergency Medical Accident Insurance - \$435

Mandatory for athletes and coaches who travel outside of Canada, and **for FIS athletes**. Coverage is extensive and limited to 30 consecutive days of travel from the date of travel departure to the date of return. Coverage includes costs incurred as a result of an emergency (e.g., services of a physician/surgeon/anesthetist/physiotherapist/chiropractor, MRIs, x-rays, prescriptions, etc.) Highly recommended for athletes and coaches who regularly train and compete outside their territory/province of residence where the athlete/coach holds territorial/provincial medical insurance.

In-country Special Risk Accident Insurance - \$85

Highly recommended, but optional. In some cases, **coverage may be limited to a member's territory/province of residence**. Coverage is coordinated with any other policy and benefits are payable only for excess charges over and above any amounts payable or collected from the government healthcare and any own/parent/spouse employment insurance plan and/or private individual insurance plan.

2019-20 Class 5 Temporary U.S. Accident Insurance - \$145

This insurance option is mandatory for athletes and coaches who plan to train a maximum of once per Membership Year in the USA. Coverage is the same as the Out-of-country Accident Insurance, however, it is limited to non-FIS athletes for 14 (Class 5) consecutive days in the USA.

This can only be used 1x per calendar year. If you plan on travelling out of the country more than once, please purchase Out-of-country Accident Insurance.
