## **CARDING NOMINATION CRITERIA FOR THE SPORT CANADA ATHLETE ASSISTANCE PROGRAM FOR 2018-2019 NOMINATIONS**

### **I. INTRODUCTION**

- A. The aim of this document is to describe the criteria that will be used by Freestyle Canada (FC) for nominating athletes for Sport Canada's Athlete Assistance Program (AAP) for the 2018-19 carding cycle.
- B. The nomination of athletes to the AAP is the responsibility of the FC's Chief Executive Officer, acting on the recommendations of the HPP Selection Committees. Sport Canada is responsible for the final approval of nominations to the AAP.
- C. Sport Canada's general policies and procedures governing AAP can be found on the Sport Canada website at:

<http://canada.pch.gc.ca/eng/1414514343755/1414514385181>

This includes all information pertaining to the establishment and application of criteria used by FC.

- D. The definitions in the 2018-19 FC HPP discipline National Team Selection Protocols will apply to this document.

### **Priority of Nominations:**

Cards will be allocated in the following priority order:

- 1. Athletes who meet SR1 criteria;
- 2. Athletes who meet SR2 criteria;
- 3. Injured athletes carded at SR2 in 2017-18 who meets the Extraordinary clause in the HPP Team selection criteria;
- 4. Athletes who meet the SR/C1 criteria in the order described in section IV;
- 5. Athletes who meet the D criteria in the order described in section V. - C.;

Sport Canada has allocated an amount of AAP carding support to Freestyle Canada equivalent to 42 Senior cards (\$756,000).

If there are cards remaining after all athletes who meet the Senior criteria have been approved, the remaining SR cards will be allocated as D cards.

## **II. ELIGIBILITY**

In order to qualify for AAP cards, an athlete must meet the following eligibility criteria:

- A. The athlete must be a permanent resident of Canada on the date of the beginning of the carding cycle, and the athlete must have been a legal resident in Canada (student status, refugee status, work visa or permanent resident) for a minimum period of one year before being considered for AAP support. The athlete would normally have been expected to participate in FC-sanctioned activities during that period.
- B. The athlete, under the Freestyle Skiing eligibility requirements of the Federation International de Ski (FIS), must currently be eligible to represent Canada at major international events, including FIS World Championships.
- C. To be eligible for Sport Canada Carding an athlete must be a member in good standing of the FC High Performance Program.
- D. Only athletes competing in Olympic medal disciplines (i.e. Single Moguls, Aerials, Halfpipe, and Slopestyle) are eligible for carding.
- E. The athlete must provide, prior to the AAP review (by the end of May), confirmation of his or her intention to compete in the coming year through;
  - i. Signing the 2018-19 FC/High Performance Program Athlete contract
  - ii. Purchasing the 2018-19 FC membership and paying any appropriate team fees

(Athletes who have not done this may not be eligible for nomination for carding).

### **III. SENIOR INTERNATIONAL CARD CRITERIA (SR1/SR2)**

1. Eligible athletes placing in the top 8 and top half of the field (counting a maximum of three entries per country) at the FIS World Championships or at the Olympic Games may be nominated for SR1.
2. On Olympic year, nominations for carding will be based on results in Olympic Winter Games competitions (for Single Mogul, Aerial, Halfpipe, and Slopestyle events only).
3. On FIS World Championships year, nominations for carding will be based on results in the Olympic events at FIS World Championships competitions (for Single Mogul, Aerial, Halfpipe, and Slopestyle events only).
4. Athletes that qualify for carding under the Senior International criteria are eligible for two years of AAP support, with the card for the first year referred to as a SR1 Card and the card for the second year referred to as a SR2 card. The second year is subject to the athlete being re-nominated by FC, training and competitive program approved by FC and Sport Canada, signing an Athlete/FC agreement completing the on-line anti-doping courses, and signing the AAP application form for the year in question.

### **IV. SENIOR NATIONAL CARD CRITERIA (SR/C1)**

- A. Carding in this category will be granted for a period of one year at a time.
- B. For the first year an athlete meets the SR National Criteria he or she will be classified at the C1 carding level and is funded at the Development card level.
- C. Athletes are expected to make progress in their results and/or maintain top 8 international rankings (i.e. WC standings for moguls/aerials and AFP standings for slopestyle /halfpipe), in order to maintain SR Card status. Normally, five (5) years is the maximum that an athlete will be carded at the senior level based on national criteria (excluding years when the athlete was awarded a SR/C1 injury card). After such time, Sport Canada will require a comprehensive thoroughly documented review of the athlete's performance over the past five years in order to demonstrate progress toward performance equivalent to top 8

and top half at the FIS World Championships or Olympic Games, which then warrants nomination of “Senior National” card status for an additional year. In addition, FC will specify performance criteria (training criteria or competitive results) that must be met to receive subsequent nominations. This process must be followed for all subsequent years that the athlete is nominated at this level.

D. Athletes will be nominated based on the following order:

1. Eligible athletes, named to the 2018-2019 National team ‘A’ group in any of the freestyle ski Olympic disciplines, may be eligible for nomination for a SR card.
2. Eligible athletes named to the 2018-2019 National team ‘B’ group who meet the following performance benchmark may be eligible for nomination for a SR card:

i. Moguls/Aerials:

One (1) FIS World Cup podium (excluding Dual moguls and Aerial team and downgraded events)

Two (2) Top 12 placings within the top 2/3<sup>rd</sup> of the field size, from eligible AFP platinum events, FIS World Cups and FIS World Championships (see 18-19 Slopestyle and Halfpipe HPP Selection Criteria for list of eligible events).

4. Eligible athletes named to the 2018-2019 National 'A' and 'B' groups, who were ranked Top 10 in World rankings in 2016-17 (As of May 1<sup>st</sup> 2017: FIS World Cup Standings) may be eligible for nomination for a SR card for 2018-19 upon the High performance selection committee's recommendation, provided they were carded at a Senior card level for the 2017-18 carding cycle.

E. If there are fewer Cards than athletes meeting one of the Senior National criteria, and there is a need to compare athletes from different disciplines or within a discipline, the following tiebreaking will be used:

1. The athlete's 2 best eligible placings from high level competitions (i.e. FIS World Cups and AFP Platinum events) held in the previous twelve months, will be given a value of the placing. (1<sup>st</sup> = 1 point, 7<sup>th</sup> = 7 points). The athlete with the lowest sum of points will be ranked highest. If a tie remains it will be broken in favor of the athlete with the best eligible placing.
  
2. If a tie still remains, it will be broken in favour of the athlete with the best ranking on the final 2017-18 FIS World Cup standings list of their discipline.

## **V. DEVELOPMENT CARD CRITERIA (D)**

### **A. Development Card restrictions:**

### **C. Distribution of Development Cards:**

Round 1: After the nominations of the athletes eligible for Senior level cards is completed, the remaining amount will be divided equally as Development cards between Aerials, Moguls, Halfpipe, and Slopestyle disciplines. If the remaining quota of D cards is an uneven number, the odd number card(s) will be allocated in round 2. These discipline cards will then be allocated equally by gender to eligible athletes (or to eligible athletes within one gender if there is not an equal gender distribution), according to each discipline's HPP rankings (see HPP Team selection protocols for ranking procedure), including previously carded athletes who qualify under the Extra-ordinary clause and are ranked accordingly in the HPP rankings of their discipline.

Round 2: Repeat round 1 for the remaining disciplines with eligible athletes. If the number is uneven, the tie-breaking rule will be applied (see section D, below).

#### **D. Development Card Tie breaking between disciplines or genders:**

If there is an odd number of Cards remaining for athletes meeting the Development card criteria and there is a need to compare athletes from each discipline, or Female and Male athletes, the following tiebreaking process will be used:

1. The athlete with a Top 16 and Top 1/3<sup>rd</sup> of field size in a high level event (i.e. FIS World Cup or AFP Platinum event. (Including Dual moguls)) would receive the card. If neither have a top 16, then;

(1<sup>st</sup> = 1 point, 7<sup>th</sup> = 7 points). The athlete with the lowest score will be ranked highest. If a tie remains it will be broken in favor of the athlete with the best top placing.
3. If a tie still remains after tiebreaking 1. and 2. have been applied, it will be broken in favor of the athlete with the highest number of FIS points, from the most recent published list.

#### **VI. Health Related Curtailment of Activities card criteria (SR-HC or D-HC)**

2. Athletes who were not carded in the previous season are not eligible for a Senior or Development HC card.
3. Athletes who were carded in the previous season and were unable to meet the carding criteria strictly due to health related reasons as outlined in the HPP teams' selection document under "Extraordinary Circumstances", may be eligible for a Senior or Development HC Card if the following conditions are met:

Failure to follow such a program without due cause shall be grounds for immediate termination of carding.

**VII. WITHDRAW TEMPORARILY OR PERMANENTLY:**

If an athlete wishes, for health related reasons or other reasons, to withdraw temporarily or permanently from normal carded athlete training and competition activities, the normal rules for withdrawal from the Athlete Assistance Program shall apply.
